

BIU INTERNATIONAL TECHNICAL RULES

MOD. 021

VALID FROM 01/01/2012 TO 31/12/2012

Art. 01 BIKETRIAL DEFINITION

Biketrial is an individual sport that incorporates the use of a special bike which the rider must maneuver and balance in order to ride through specially designed artificial or natural “sections”. The objective is to pass through the sections in minimum time and with as little physical contact with the ground as possible, hence obtaining minimum penalty points.

Art. 02 TRACK

The track will be constructed on paths, roads and in forests (if necessary), along which the sections will be arranged. The maximum lengths per lap are: 5 km for Group A and 2 km for Group B & C. Riders must perform the sections twice. Riders must follow the designated route and must not take an alternative route to shorten the distance.

Art. 03 ENTRIES

An application form will be distributed upon presentation of a current BIU license issued by the Biketrial national union (BNU) of each country in the current year. Riders are allowed to receive only one license per year. If the rider possesses a license, he/she can enter any competition in that year. When a case of entry limitation applies, it should be started in the rules corresponding to the event or the championship. Handwritten licenses are not valid. License number has to be 3 figures for country code and 5 figures for issued number. (i.e. □□□-□□□□□). (e.g.: USA = 001 – 00001, Czech Republic = 420 – 00001, France = 033 – 00001).

Art. 04 SECTIONS

- 1) The sections must be new and neutral.
- 2) Dangerous sections must not be constructed.
- 3) The sections should differ substantially from each other and show variety.
- 4) The exit line of the sections should be drawn 2 m away from the difficult part of each section.
- 5) The event must not be organized in a place where a month before an event has been held in the same location. On that note, the organizer should try to look for new areas to

make different sections.

Other:

1) The length and width of sections:

Length: about 20 m

Width: 1m as the minimum

2) The number of sections:

Group-A: minimum 10 sections and maximum 14 sections

Group-B & C: minimum 6 sections and maximum 8 sections (Minime: maximum 10 sections)

3) The jumps should be limited to each category as follows:

a. Elite: The distance between two obstacles should be 2 m regardless of any excess distance that may be present.

b. Senior & Junior: 200 cm as maximum

c. Minime, Benjamin & Femina: 80 cm as the maximum

d. Poussin: 50 cm as the maximum

e. Femina: In the case of having 7 to 9 years old rider, the height limit of jumping should be 50 cm as the maximum.

Art. 05 TIME

Section time:

The time limit to pass a section is 2 minutes. This time will be fixed equally for all the sections in every event at the same Championship.

Track time:

These times below will be used as a guide:

1) 10 minutes per section

2) 15 minutes per km on the track

3) 60 minutes for delay penalization

(Example: In an event of 8 sections, and a track of 1km, two laps will be as follows):

1) 8 sections × 2 laps = 16 × 10 minutes = 160

2) 1 km + 1 km = 2 × 15 minutes = 30

3) 160 minutes + 30 minutes = 190 minutes in total + 60 minutes with delay penalization

Neutralization:

The time delay control should be provided between 1st lap and 2nd lap, in the case that there are still some riders in a queue at the 1st section for 1st lap.

Delay penalization:

1) Section:

Over passing the time limit is 5 penalty points.

Track (start & finish):

The start delay penalization will apply as soon as rider exceeds his/her starting time, and 1 penalty point will apply for every 1 minute of delay. In the case of a delay exceeding 10 minutes, the rider will be disqualified.

The finish delay penalization will apply as soon as the rider exceeds his/her finishing time, and 1 penalty point will apply for every 5 minutes of delay. In the case of delay exceeding 60 minutes, the rider will be disqualified. For example, if the truck time was 5:00:00 (4:00:00 + 1 :00:00 with delay penalty), the first penalty point (-1p) will be given to the rider when his/her running time became 4:00:00, and so on every after 5 minutes passed.

Art. 06 NEUTRAL ZONE

A neutral zone, from 2 to 3 meters, will be set at the entry of each section, at which the rider will wait while the preceding rider is performing the section. A line must be drawn to define the neutral zone and the entry of each section in order to indicate the beginning of the section. The rider has to start with both spindles inside the neutral zone.

Art. 07 THE START

- 1) The order of riders will be determined by means of drawing a ballot for each category.
- 2) A start will be made individually, with intervals of 2 minutes separating each pair.
- 3) Two riders will leave together at the same time. (Refer to the example)

4) Start systems:

System 1: all riders start from section No. 1 and follow the numerical order.

System 2: half of riders start from section No. 1 and the rest of riders start from section No. 5 or 6 or 7 (Minimum 10 sections and maximum 14 sections in a event. It depends on how many sections were provided by the organizer).

Art. 08 SIGNAL CODE

Track:

The track signals must be different from the section signals. The track must be thoroughly signaled from both start to finish and along all the sections in order to avoid any confusion to the riders.

Section:

Each section must be very clearly marked. A line to indicate the start and finish of each section must appear. If it is necessary, an interval line will also be included. A line must also be at the end of each section to indicate when the end of the employed riding time will end. The sections will be numbered so as to correspond with each group as follows:

Group-A	1 to 10 (max 14)
Group-B & C	21 to 28 (max 30)

Art. 09 DELIMITATION

The sections should be constructed from natural elements (if possible). Each section should be surrounded by resistant and impermeable ribbon. The ribbon must be totally visible and well secured to stakes or other objects which must be fixed underground. The entirety of the ribbon must be fastened at APPROXIMATELY 30 cm from the ground (as close as possible to this height). All broken ribbon must be replaced in the same position before another rider enters the section. Aside from the pre-mentioned suggestions for marking the track and sections, it is advisable to use some form of barrier to keep on-lookers at safe distance.

Art. 12 OBSERVER

Observer's responsibilities:

- 1) The "observer", appointed by the event director, has maximum authority in the section he/her is observing. The observer must judge according to the rules. The observer must be neutral and absolutely impartial. The observer must try to judge all riders in the same way or same manner. If the observer is not sure or is in doubt, the benefit or doubt goes to the rider. The observer must be aged over 18 years old and they must have a license issued by a national union.
- 2) The observer will be provided with a "count down" mechanism which will make an acoustic sound to signify the end time. Besides this, the observer must advise the riders (approximately) one minute before the finishing time and at 30 seconds, 15 seconds, 5, 4, 3, 2, 1, in English. The chief observer should not carry the timer in the section.
- 3) In the case of an argument or verbal confrontation between a person and an observer, the observer will hand out a yellow card after 5 seconds of continued arguing, and a red card after 10 seconds. If the observer issues a yellow card, this represents a warning. The red card represents 10 penalty points. To launch a protest in according with the rules. (Refer to Art. 32 PROTEST).
- 4) Regarding objections or complaints; the observer, is only obliged to listen to the riders. (Refer to Art. 13 PENALIZATION 29).
- 5) Any use of bad language directed at the observer is not allowed. (Refer to Art 13 PENALIZATION 30).
- 6) The observer, as soon as the event is finished, should go to the event director to report any problems that arose in his section.
- 7) The observer should not judge a rider who is related to him/her.
- 8) The observer is responsible for keeping the section in good condition regarding

boundary ribbon and section equipment at the completion time of the competition. The observer should removed all section equipment at the complete time of the competition.

Art. 14 PRE-COMPETITION PRACTICE

Riders are not allowed pre-competition practice inside the designated area of the course and sections. Any rider seen with his bicycle in any place (eg. course and sections) one week before the competition will be disqualified from the competition. Any attempt made to practice before the competition will result in the exclusion of the concerned rider from the Championship.

Art. 15 SCORE CARD

The card must be made of plastic or of water resistant paper which is non-resistant to ink. The card should be 50 × 180 mm and it should have the numbers 1 to 20 marked on it as well as the numbers “0”, “1”, “2”, “3”, and “5” to indicate the penalty points. Labeled on the upper part of the card should be: the name of the rider, his/her number, the category and the color group. On the lower part of the card should be: the start time, finish time and overall time. The score will be indicated on the card by means of punching a hole in the position that corresponds with the number of penalty points.

Art. 16 BIBS

The organizer will provide “Bibs” for the riders and for their respective minders or for their bikes. The bib size should be a minimum of 10 × 15 cm for the bike as well as for the

rider. Bibs should be placed at the head part of the bike so they are clearly visible. The group color should be clearly indicated at the head part of the bike. The first 50 numbers (1-50) will be reserved for the Elite riders. The numbers should be distributed in numerical order, ie: If a rider that has participated in the previous years Championships is absent the following year, the number which corresponds to his/her position will be left vacant.

Art. 17 PUBLICITY

Advertisements on the rider's attire, helmet and bike are allowed. The advertising space on the bibs is reserved for the organizers. The rider cannot ride the event without original bibs given from organizer. The penalty is 50 points.

Art. 18 RIDER CLOTHES

The rider is under the obligation to wear; a helmet, long pants, shirt and one piece ankle protective footwear. (i.e. ankle protection & shoes must be original shoes, one piece and not modified). Ankle must be covered both side. (inside and outside). If the rider does not obey with these attire regulations. HE/SHE WILL BE REFUSED ENTRY INTO THE COMPETITION OR SECTIONS. Gloves and shirts with long sleeves are also advisable but not compulsory.

All of above check points must be confirmed.

Art. 19 THE RIDER

On competition of the entry form, the rider is permitted to observe the sections on foot. The entry order of riders into each section will be randomly decided. The rider shall at all times behave in a sportsman like manner throughout the event, refraining from any unfair action towards his fellow competitors, organizer or associates.

Art. 20 ORGANIZERS

The organizer must belong to an entity which is legally affiliated with the Biketrial Union of that country. The organizer must obey by the issued Technical Rules, adjust the

regulations to suit the event and provide all the necessary information to the riders.

Art. 21 ENROLMENT COST

The International Union, National Union, etc. are entitled to charge annual fees to the entities and organizers affiliated with them. The BIU is irrespectively entitled to charge a specific amount for any kind of authorization of an event. The organizer is also entitled to charge an entry cost to the riders except in the category of Elite.

Art. 22 AWARDS

In every Championship, the organizer must provide, as the minimum, a trophy or gift for the first three riders in each category. In the National and International Championships, all riders should be awarded a token souvenir.

Art. 23 CHAMPIONSHIPS

After every Championship, the organizer must hand the classification sheet (results), signed by the event director and the juries, to the respective union by the following week. The results must be accurately classified, quoting the points section by section for all riders. The number of Championship points to be awarded to all riders who finished the competition in each category as follows:

Place	Point	Place	Point	Place	Point	Place	Point
1 st	25	6 th	10	11 th	5	rest	0.1
2 nd	20	7 th	9	12 th	4		
3 rd	16	8 th	8	13 th	3		
4 th	13	9 th	7	14 th	2		
5 th	11	10 th	6	15 th	1		

Besides this, the organizer must provide a special classification sheet “Scratch” displaying the results of the riders who performed in the red color sections of Group-A. This classification will be used to move riders up to the Elite and it must be handed to the respective union.

Art. 24 CLASSIFICATION

COMPETITION

1) Group-A, B & C:

The placing will be determined by the total penalty points. (With a handicap in Group-C). The rider with the lowest points will be the winner of the competition, and so on. In the case of ties, the placing will be determined by the order as follows: (Refer to the chart 1)

- a) The rider with more 0 points. (Clean).
- b) The rider with more 1 points.
- c) The rider with more 2 points.
- d) The rider with more 3 points.
- e) The rider who completed the course in shorter time.
- f) The rider who won the special additional sections, (in the case of a tie still existing).

Chart 1 (Sections: 8x2. Time: 4 hours + 60 minutes with delay penalty)

Rider	1 st Lap								2 nd Lap								Time			Total

In this case, rider “A” wins by better result in the last/rear competition.

Art. 25 CHAMPIONSHIP ASSEMBLY

The BIU is the only organization that has right of ownership over the name “Biketrial”, and the championships (World, continental, national, regional). The organizer of Championships must obtain the right to hold an event from the BIU through the delegate of that country. The national Biketrial union has ownership over the national and the regional championships and the connected unions. Every country which organizes an international event must sign the BIU agreement ten months before the event as the minimum, and must pay the entry fee five months before the event as the minimum. If the money is not received before the deadline, the BIU will notify the cancellation of the event to all the delegates. If the organizer has an outstanding balance or the event does not

meet the BIU standards, the sanction will be carried out against the Biketrial national union. All fees are non-refundable and non-transferable in case of cancellation of the event. The country hosting the international championships will be responsible for the management and organization of the event. The regional championships will be organized by the union correspondent. Usually, the world Biketrial championship will be composed of four events. In the case of a necessity to change the number of events, a decision will be reached by holding delegate meetings in the various countries. Regarding the world indoor cup, there will not be a limitation placed on the number of events, and every country will be able to hold more than one event. In order to receive permission to hold an event, the country concerned must apply for a license from the BIU head office before the last day of September in the current year. The technical group will arrange the calendar for the Championship events, highlighting all important items and details to make clear to all respective organizers and license holders in the current year.

Art. 26 THE WORLD BIKETRIAL CHAMPIONSHIP

The world championship will be arranged and organized according to specific rules which every Biketrial national union will be responsible to carry out precisely.

Entry:

- 1) The organizer(s) must send the entry form (according to BIU format) to each delegate of the country at least three month before the event.
- 2) The organizer(s) must send the information (e.g. map of the place, accommodation and schedule of the event) to each delegate of the country at least three months before the event.
- 3) The participating nation must send the entry form (Any blank or handwritten in the entry form will be not accepted) and the list of riders to the BIU Head office, by the delegate, through BNU at least one months before the first round.

Below is the sample:

Cat.	F. Name	G. Name	B. Year	Nat.	License No,	Bike/WS	R 1	R 2
Sen.	HIRANO	Hiroishi	1956	JAPAN	081-00000	Hiro/20"	Yes	No

It means the closing date of entry for all events will be the same date and it is one month before the first round of the championship series.

- 4) The delegate has the right to change any riders names from the initial entry list in the same category till one month before the first event in case of an unforeseeable event. The later, any change (any part of the details) of the entry list will not be accepted.
- 5) A rider entry limit per nation will be limited to 20 as the maximum per day (Sat/Sun), and a rider limit of an event will be 150 as the maximum per day (Sat/Sun). In case the
